# *Understanding* **BENEFIT TRIGGERS**

### **Group Health Insurance Vs SG Group Health Assurance**

Unlike Group Health Insurance where your benefit is triggered by a sickness or some other tragic event, your SG Group Health Assurance is triggered by your desire to Live Life & Travel. Understanding the difference in “Benefit Triggers” becomes your first step in understanding the difference between LIVING BENEFITS and other more traditional benefits offered by Employers or sponsored by large Associations as benefits for their membership.

### **Group Life Insurance Vs SG Group Life Assurance**

Unlike Group Life Insurance where someone must “die” for your benefit to be triggered, your SG Group Life Assurance is triggered by your desire to Live Life & Travel. Your SG Living Benefits assure you of a better lifestyle while allowing you to travel more, vacation more, and save more money on all of your travel & vacation needs. Your benefits are triggered by your desire to enjoy life and your SG Living Benefits make enjoying life more affordable with a Program designed to upgrade your lifestyle

# **BENEFIT TRIGGERS**

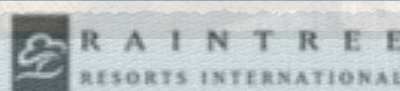

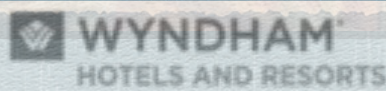

### **Group Insurance Vs SG Group Assurance**

Now that you understand what “Benefit Triggers” are and how benefits only become benefits when triggered, you most likely now realize that the reality of life becomes: most benefits individuals look toward their employer, association, or group to provide are benefits that have “negative triggers” where the benefit only becomes a benefit when a particular “problem” or “event” occurs. A problem like a sickness creating a medical condition which requires medical attention, or a medical condition that requires medication for a cure. Nothing happens to benefit you until something bad happens to you.

The SG Living Benefits Package was created by Richard J. Schecher, Sr after spending over 45+ years as an Insurance Consultant for Groups & Associations where Richard, Sr. is recognized as a Group Insurance Expert. Richard maintained offices on the 79<sup>th</sup> Floor of the World Trade Center from 1987 until the tragic day on 911 where Richard created the first Federal Risk Purchasing Group for the Rent Stabilization Association of NY (RSA) and later created the Apartment & Property Owners Purchasing Group (APOpg) before retiring from a long and rewarding career in the Insurance Industry.

In 2018, Richard Sr. used his lifetime of insurance experience to create the SG Resorts Living Benefits Program which is, according to Richard, both a form of Life Assurance and Health Assurance focused upon living benefits in the form of lifestyle improvements every working man or woman can use, enjoy, and appreciate. The SG Living Benefits Program has a focus upon Lifestyle or quality of life improvements with benefits based upon “positive” triggers.

## *Understanding* **LIVING BENEFITS**

### **Living Benefits Make Life More Enjoyable**

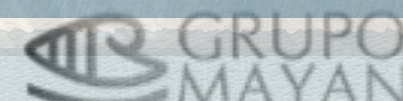

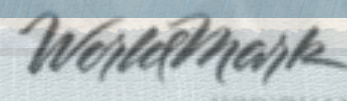

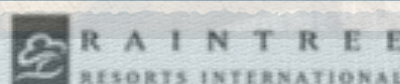

Living Benefits underwritten by SG Resorts Travel & Vacation Club, LLC are designed to make time away from work more enjoyable and this is especially true when you consider almost every working man or woman who works all year deserves time away from work, time to themselves void of all the pressures of work as well as the basic demands and pressure from everyday life. Living Benefits make Life more enjoyable by allowing the beneficiary to Live Life & Travel at the most affordable rates on planet earth.

Most every person who takes a vacation would love to save money when booking their vacation- The SG Program makes this possible as a Living Benefit. Your SG Living Benefits Program guarantees you the lowest rates at over One Million (1,000,000) properties . You will enjoy the ability to “search” and “capture” the lowest possible rates using your Members Only Portal where you can book all your travel & vacation needs and instantly compare prices with all the major competitors offering “Discounted Travel” or “Best Rate Guarantees”.

Your SG Living Benefits will allow you to Live Life & Travel more often because you will save money on every booking which makes more bookings and more vacations possible. Stretching your vacation dollars and saving money is the Living Benefit you will truly appreciate and enjoy.

As a member of a sponsoring Group or Association you qualify for a Membership with a retail value of \$12,500 of which you virtually pay only pennies on the dollar. If uncertain, you can activate a Temporary Guest Membership.
